**ALLISON VALLEY METROPOLITAN DISTRICT NO. 1
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

The District, a quasi-municipal corporation and political subdivision of the State of Colorado, was organized by order and decree of the District Court of El Paso County on December 5, 2006, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The Consolidated Service Plan, dated July 12, 2006, formed the Allison Valley Metropolitan District Nos. 1 and 2 (the Districts). The District operates under the Amended and Restated Service Plan approved by the City of Colorado Springs (the City) on September 8, 2015. The District's service area is located entirely within the City in El Paso County, Colorado.

The District was established to provide financing for planning, design, acquisition, installation, construction, relocation and redevelopment of public improvements and services, including streets and storm drainage, water, sanitary sewer, parks and recreation, traffic and safety, public transportation, television relay and translation, and mosquito control.

On November 17, 2006, the District's voters authorized total indebtedness of \$30,000,000 for the above listed facilities. The District's voters also authorized total indebtedness of \$30,000,000 for debt refunding. The election also approved an annual increase in property taxes of \$750,000 without limitation of rate, to pay the District's operation and maintenance costs.

Pursuant to the Amended and Revised Service Plan, the District is permitted to issue bond indebtedness of up to \$30,000,000. In the future, the District may issue a portion or all of the remaining authorized but unissued general obligation debt for purposes of providing public improvements to support development as it occurs within the District's service area, however, as of the date of this budget, the amount and timing of any debt issuances is not determinable.

The District has no employees and all administrative functions are contracted.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally

SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Revenues (Continued)

Property Taxes (continued)

sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Senate Bill 21-293 among other things, designates multi-family residential real property (defined generally, as property that is a multi-structure of four or more units) as a new subclass of residential real property. For tax collection year 2023, the assessment rate for single family residential property decreases to 6.95% from 7.15%. The rate for multifamily residential property, the newly created subclass, decreases to 6.80% from 7.15%. Agricultural and renewable energy production property decreases to 26.4% from 29.0%. Producing oil and gas remains at 87.5%. All other nonresidential property stays at 29%.

The calculation of taxes levied is displayed on the Property Tax Summary Information page of the budget using the adopted mill levy imposed by the District.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The forecast assumes that the District's share will be equal to approximately 10% of the property taxes collected.

Developer Advance

Developer advances are expected to fund a portion of general fund expenditures and cost of infrastructure. Developer advances are to be recorded as revenue for budget purposes with an obligation for future repayment when the District is financially able to reimburse the Developer.

Net Investment Income

Interest earned on the District's available funds has been estimated based on historical interest earnings.

Expenditures

Administrative and Operating Expenditures

Operating and administrative expenditures include the estimated services necessary to maintain the District's administrative viability such as legal, management, accounting, insurance and meeting expense.

Debt Service

Principal and interest payments in 2023 are provided based on the debt amortization schedule from the Series 2020 Bond (discussed under Debt and Leases).
